2014

It was one of fall's first chapels when baseball coach Taylor Hasty stood in Rudd and stated that he already felt more energy on Bryan's campus than there had been in years. It's true that more energy was hanging in the air, along with, as the year progressed, more of many things, both incredibly good and heartbreakingly bad. We saw more wins on the court in the fall, only for spring to bring more endings for some beloved professors and staff members. And yet, amidst it all—the highs and lows of laughter and tears, of comfort and protest—there was more of something important: love. It's a cliché, I know, to reflect on the 2013-14 school year (or any year, for that matter) and talk about the love on campus, the strengthened bonds and blossoming relationships and overwhelming sense of community, but this year, the year that began with such tangible energy, ended with what can only be described as love. There were more emotions than ever before, more questions about Bryan's future, but there was undoubtedly more kindness and grace, more Christ-like compassion working alongside the confusion and doubt. To all who, like me, survived what they thought was an impossible year: congratulations. We pressed on toward the goal. To those that stood and led: thank-you isn't enough. You were remarkable, and the sacrifices you made for Bryan College will not be forgotten. And to those who see the smiles in the following pages and wonder why there are not images of sadness: the happiness, too, was a part of this year. Let us all look back on these faces and remember that there is still love everywhere—God's unending and unwavering love for us, and the love we in turn give to Him and to our fellow creations, personal convictions aside.

*We love because He first loved us. That, I think, is a reason to smile **more.***

august & september

FROM THE VERY FIRST IMAGES OF AUGUST—upperclassmen helping new students unload their cars and unpack their home-away-from-home—it was clear that community remained an appropriate word to use around Bryan's campus. By September, freshmen found themselves involved in all areas of Bryan life and seniors found themselves eager to help the younger students find their way. Community remains a very real thing on Bryan's Hill, evident in even the earliest weeks of a new year. Faculty, staff, and students never fail to welcome each other with open arms each fall, marking another year where all will grow and thrive together.

Standing tall on the outskirts of the Triangle, students pass this familiar clock as they travel down the hill toward Rudd Chapel.

welcome to bryan

[1] Crystal LaPlue attempts to direct some of the chaos of move-in day. Faithe Stout, Caroline LaPlue, Becca Bodine, Caleb Kelchner, and Brittany Gurley, along with other student leaders around campus came out to help new and returning students settle into their dorms. [2] Chelsey Smith helps a student's mom untangle a dress. An orientation group leader, Chelsey arrived to campus early and moved girls into Robinson

Dorm. [3] Freshman Kristin Lane carries bags up the staircase in Arnold, her new home. [4] Ben Rosenbaum, Will Jones, and Nathan Harris help two parents decide the best way to unpack their very full minivan outside of Robinson Dorm.

all-college picnic

BRYAN GATHERS FOR SUNSHINE & GAMES

Saturday, August 31, 2013 the Bryan College Student Government Association, also referred to as SGA, hosted the annual All College Picnic. The All College Picnic is a school tradition where the whole college (the students, faculty, and staff) gets together to enjoy fellowship with each other before the busyness of the school year begins and offers a chance for new students to meet others in the Bryan College community.

This year, the All College Picnic was originally canceled because of a lack of funds; however, the SGA Events Council campaigned to move the picnic from the usual location of Fort Bluff to the Bryan College campus on SGA's own budget.

With the location changed, SGA hoped that more of the Bryan community would attend

the event since last year's picnic had a low turnout. When the day of the All College Picnic came, expectations for attendance

"SGA Events Council campaigned to move the picnic from the usual location."

were met.

Senior Nathan Harris, Off Campus Events Coordinator for SGA, shares that the location change benefited attendance: "more people

were able to show up. I'd say at least 50 more people attended, if not more."

The change of location also allowed for students to play more games, specifically Capture the Flag, and another bonus was that freshmen got to avoid the awkward feeling of asking people they didn't know for rides. Over all, the picnic was heralded as a success. As far as next year's picnic is concerned, the location is up to the decision of the Event's Council.

When asked if having the picnic on campus could become a new tradition, Harris states, "I could see it becoming a tradition, but I also would be encouraged to see other Events leaders have a different vision for it."

[2] Communication Professor Michael Palmer listens to a student, senior Alex Maldonado, during a discussion in a special topics class. The class, entitled Communication & Culture Through Time, is one of the many special courses Palmer himself has created during his time at Bryan. [3] Theatre Professor Bernie Belisle and graduating senior Luke Fox meet with actors after a dress rehearsal for Kind Lady.

spotlight

CHRIS CLARK

Before coming to Bryan, Chris Clark, assistant professor of communication studies, admitted he used to work at Covenant College as a resident hall director.

We won't hold that against him, though.

At the time, he said he was learning the art of making films, and the story of how he eventually came to Bryan is an interesting one.

"I was at a Super Bowl party with Michele Pascucci, associate professor of Spanish, and she mentioned there was an opening in film at Bryan and I applied," said Clark. That was 7 years ago.

His best memories of the school come from his classroom experiences with his students, such as viewing films, discussing various directors, and talking about relevant issues that films raise. He takes pride in seeing his students succeed outside of the classroom as well, whether students are showing films in chapel or at film festivals where they have won awards.

"One of my main things is post-Bryan, because our curriculum is theory and practice. I want them to be ready," said Clark.

He hopes his students see him as a pretty approachable person and recalled times spent with students watching films with him and his wife over dessert.

"Though with fewer kids," he said.

Speaking of his kids, Clark said they do have a "pretty sophisticated" understanding of film, but that he has no plans of forcing them into a film career, although his oldest daughter may need no urging.

"She might be better suited in front of the camera. She is just a dramatic person," he said.

october

WHETHER IT WAS AN OLD ITALIAN SONG COMING from an open window in San Lorenzo or rock band Audio Adrenaline making the floor of Rudd Auditorium shake, students felt rhythm from all over the world as October arrive. Rhythm was everywhere, as students finally fell into the unique rhythm of daily Bryan life and some took to the stage as the beloved Charlie Brown gang and brought lyrics to life. A month of settling in and finding pattern, October brings vibrancy from not just the leaves, but from a student body that continually brings new and exciting talents to the table.

One of Venice's picturesque canals greeted Bryan students studying abroad last fall.

[1] Heather Newberry prepares seating for a Thanksgiving Dinner outreach the Italian locals are invited to every year. [2] All FA-13 students and staff pause for a tourist moment on the Ponte Vecchio over the Arno River in Florence during Fall Break. [3] A beautiful church just a short walk from the SBI campus, in San Lorenzo, that serves the small community with hourly bell chimes. [5] Students study for a test in the courtyard to soak up the beautiful day. [6] Dhember Viera ministers to Italian children in the park through a redemptive story of Selena the Lost Sheep, with a former SBI student, as a translator, who now lives in Italy.

italy semester abroad

CREDIT FOR LEARNING, TRAVEL, & FOOD

Study abroad. Isn't that the dream of most college students? The Italy Abroad program that Bryan offers is affordable, shorter than the average semester's length, and, best of all, in Italy! During the 3-month long semester, students encounter life as Italians do; and with some classes being only a week long, what sounds sweeter?

Not only do you get to the opportunity to know missionaries from local towns in Italy, you acquire friends from all over the United States from other institutions that also take advantage of Bryan's Italy program. Saints Bible Institute (SBI), located in the small town of San Lorenzo, just northeast of Venice, was established to bring students to Italy to enjoy and experience life outside of the United States.

Many study abroad programs can seem sketchy, or questionable.

Through SBI, you are given the opportunity to learn independence and life skills in an environment that is both challenging and safe. San Lorenzo, there is no better a place to detox from the ways of America and the limiting mindsets it breeds.

Dhember, a student of SBI in Fall-13, expressed the love she found for Italy in an article for the

**"San Lorenzo,
there is no better
place to detox
from the ways of
America and the
limiting mindsets
it breeds."**

Triangle:

"But, Italy, you have also reminded me that there is a peace, which surpasses all understanding. I have been catching little glimpses of what eternity may look like to come, but even allowing myself to daydream about it does not begin to compare to the actual wonders behind it. Italy, for so many students here, you will always be the place God swooped in, and met them right where they were."

spotlight

BERNIE BELISLE

Bernie Belisle, assistant professor of communication studies, has been teaching at Bryan for over 20 years. For him, Bryan is a place of family.

“Bryan was a particularly great fit as it struck a nice balance on many issues while still maintaining a firm commitment to Christ and His Word,” said Belisle.

He participated in theatre in college – “by accident”, he said, because he was an English education major at the time. However, it soon became his passion and he decided to begin teaching theatre. He has been involved in community theatre as well. He does, however, prefer to direct.

For people like him who have such a long history of theatre, it is no surprise that they would have a few favorite shows. Some of his favorite productions at Bryan include the “Spitfire Grill”, the “Crucible”, “Lost in Yonkers”, and “Into the Woods”, although he maintained that it is difficult to choose only a few.

“There are so many genres and I love each of them,” he said.

He spoke of his students with an excitement that could be clearly understood as he said what he looks for in his actors, such as versatility and the ability to interact well with others.

“I particularly enjoy watching the ‘light go on’ when working with my students. It is such a rewarding experience for me to see them understand and apply what they are learning to become excellent in their craft. Our motto for the Hilltop Players is: “Excellence for His Glory,” said Belisle.

That motto is evident throughout the productions displayed at Bryan.

november

HISTORY WAS BEING MADE WITH EACH PASSING day, both teams and individual players astounding all. November was undoubtedly a record-breaking month, but not only in terms of athletic wins or national tournament qualifications. November also saw success off the court and field, as the semester drew closer to and end and students buckled down and focused on giving their all in all there was. The personal victories were numerous, as musicians packed out local coffee shops and biology majors aced exams. Across the board, in all areas, November brought bursts of unusually warm weather and an infectious winning spirit.

Autumn on the Hill is a beautiful sight to behold, as the surrounding mountains enclose Bryan in bright colors.

harmony house performances

Clari, a senior, was the Campus Visit Coordinator assistant this year.

spotlight

CLARI STEWART

For Clarissa Stewart, it was not a difficult decision deciding where she would attend college. Her grandparents and parents, as well as siblings, had come to Bryan for their education. She spent part of her childhood attending homecomings, playing on the inflatables in the soccer field, and drinking hot chocolate from the cafeteria.

Her experience here is no different from many others, unless you consider the myriad ways that she has become involved in the opportunities that Bryan has to offer. She has paved her own way in her "Bryan journey", from participating in SGA to interning with the Admissions office and Worldview Initiative.

"Don't be afraid to seek out opportunities, but also don't be afraid to turn them down. The hardest part is finding the balance," said Stewart.

She has also majored in corporate communications and minored in both art and journalism. Even though her four years here have been busy, she has still found time to enjoy the community that is Bryan and the enduring friendships that she has made. Senior Chloe Pool said her roommate could be described as a person who loves well.

"Love generally requires both the discernment to know how to love and the tenderness to demonstrate it, all of which I see so beautifully in her," said Pool.

[1] Freshman Kayla Rymer celebrates after a winning point. This was Rymer's first year on varsity and, after her move up from JV, her frequent playing time as a defensive specialist made it apparent that her skills are growing. [2] The team stands on the baseline before a match, as the names and positions of starters are announced for the crowd. [3] After shaking the hands of the opposing team before

the start of a match, the Lady Lions huddle up in center court for a cheer to boost their energy. [4] Junior Ashley Ferris and sophomore Meghan Lowry watch the opposing hitter and get ready to double-block. Ferris is primarily a right-side hitter, and Lowry plays middle blocker. [5] Students and spectators pack the stands during the opening round of the National Tournament, hosted for the first time in school history

by Bryan. With an incredible 33-4 record, the winning Lions frequently found themselves drawing large crowds. [6] Senior captain Corrie Walker digs the ball. As the varsity libero, Walker passed 2,000 digs and regularly won AAC awards, including Libero of the Year.

lady lions set records

VARSITY VOLLEYBALL HEADS TO NATIONALS

On November 23, 2013, Bryan College hosted the opening round of the NAIA Volleyball National Championship. This was the 2nd year in a row that the Bryan College Women's Volleyball team appeared in the opening round, but their first time hosting it.

The Bryan College community came out and packed the stands to show support for their Lady Lions as they took on Indiana Wesleyan University's Lady Wildcats. The Lady Lions faced strong competition against the Lady Wildcats.

Recounting the experience, senior Becca Stroup shares, "it was an absolutely incredible experience! The atmosphere in the gym was amazing; the energy coming from the student body and our fans was so

contagious on and off the court the entire match!"

When asked about the experience of that day, Women's Volleyball head

"The energy coming from the student body and fans was so contagious on and off the court."

coach David Shumaker comments that "hosting the Opening Round of the NAIA

Tournament was a wonderful experience for the entire Bryan Community. The players enjoyed performing for the school while the fans packed out our gym and experienced some very exciting volleyball."

Although both teams fought hard, ultimately the Lady Lions lost to the Lady Wildcats in 3 close sets of 25-22, 25-22, and 25-21 bringing to an end a good year for the Lady Lions.

8

The Lions dominated in soccer once again in 2013. Coached by AAC and NCCAA East All-Region Coach of the Year Joey Johnson, the Lions went 15-4 (8-1 AAC) to win the AAC Conference and the AAC Conference Tournament. The team advanced to the NAIA National Tournament, losing to the eventual national champions. Bryan achieved a final NAIA national ranking of No. 21, due in large part to a superb team defensive effort. The Lions finished No.1 in the NAIA defensively in shutouts/game and No.1 in total shutouts nationally with 12 in 19 matches. Bryan was also named the AAC Co-Champion of Character by the conference coaches. Many players, such as AAC Conference Player of the Year Daniel Branley, earned individual honors both nationally and in conference. On the reserve team, many new additions brought the team fresh vitality and strengthened the team dynamic. They enjoyed the sport and definitely did their part in representing Bryan's character well. Overall, the Bryan soccer program definitely lived up to its reputation with another superb year.

Amy later spent her spring break in England, traveling with Bryan's L'Abri program for philosophy and Christian Thought. [2] Luke Fox, a senior, blends in with the decor as he stands erect with two wax figures that resemble royal guards. [3] Students visited many historical landmarks around London, including the Canterbury Cathedral where they viewed this stained glass window. [4] Luke Fox and instructor Bernie Belisle enjoy the sights of the city from the London Eye ferris wheel. Seeing the sights of theatrical London was a special treat for Fox and Belisle, who have collaborated together for Fox's four years as a theater major.

london tour 2013

BRYAN STUDENTS EXPERIENCE LONDON, ENGLAND

In January 2014, 20 students and a few of their family members set out on a 10 day trip to explore London and surrounding areas, led by Bernie Belisle, Assistant Professor of Communication Studies, and Dr. Mel Wilhoit, Chair of the Music Department, as part of the Fine Arts and Theater London Trip. The trip gave those who attended a chance to stay in London and go on day trips to places such as Windsor Castle, Stonehenge, the London Eye, Westminster Abbey, and many more. Students also got the chance to take in theater productions at West End. The trip is designed for Fine Arts students to experience what they've learned in class about the history of civilization ranging from prehistoric Stonehenge to London's

modern architecture. Dr. Mel Wilhoit explained that, "the trip is a living laboratory where you experience things you can't

"This trip is a living laboratory where you experience things you can't really learn in the classroom."

really learn in the classroom and history and art come to life." The trip is comprised of

scheduled experiences in the morning and free afternoons for students to explore and enjoy the culture of England.

"I'm really glad that I took the class the semester before. I felt like it enhanced the experience in that everything I studied in class I was able to experience in person," said junior Amy Bailey.

This trip was just as enjoyable for students who have been to London before.

Junior Megan Darr shared, "It was my second time in London, but I really enjoyed this time because we saw so many different things. I really enjoyed this trip simply because of how many different places we got to visit and how much fun we had with the small group on the trip."

[1] In a special chapel devoted to spring break mission trips, freshman Julia Cordes recounts her favorite memories and experiences from her trip to Atlanta with Break for Change. [2] Stacie Steel shares in chapel with the

students and faculty about her trip to Opelousas, Louisiana on Break for Change, as Kendra Bailey and Andre Palit look on. This chapel highlighted the work students did all over the country and around the world.

Fellowship between believers of all ages has truly been the theme of the Bryan College chapel program this year, as students are becoming more involved with the Spiritual Formation department in preparing weekly chapels. With the addition of a chapel blog, students have been both submitting stories of their own volition and been asked by the professors of Spiritual Formation to respond with a short, thought-provoking piece, which is then posted on the blog and able to be shared and read even by those outside of the Bryan Community. Also more prominent has been Christian Ministry majors sharing testimonies or words of encouragement as they prepare for future service as pastors and ministry leaders. The chapel program exists not only to build up students, but faculty and staff also in attendance; it is with the growing partnership of these two groups that lives are being changed, even on a Monday morning.

[1] Students and faculty listen intently to a message from Christopher Yuan, an international speaker who presented a 2-part series in February on same-sex attraction and the Christian's response to homosexuality. [2] In October, the college was privileged to welcome international speaker and teacher Dr. John Perkins. He addressed the topic of assisting the poor in real helpful ways during the fall chapel series, "Stop Hurting People."

[1] It's all smiles for Kat Frazier, Hannah Brazer, Naomi Bailey-Nelson, and Evie McNeese as they enjoy each other's company and compare festive holiday wear at Huston Dorm's tacky Christmas sweater party. [2] Students take advantage of a day out of classes in January due to snowfall and work together to construct a giant snowman. Many students hailing from Southern states such as Tennessee and Georgia had never seen snow until this day. [3] Resident Assistants Dean Franklin and Jessalyn Pierce wait for a waffle iron to heat up as they prepare for student waffle orders at the Wafflemania event in the outdoor Quad between dormitories.

december & january
more passion

[1] Keila Formont shoots the ball in a game against Marian University. Formont, a guard, was named Defensive Player of the Year by the Appalachian Athletic Conference. [2] Freshman Megan Billingsby passes the basketball around a Marian University opponent. The Lady Lions lost by six points in a close game held at home.

[1] Daniel Gleason, Professor of English, teaches a class in Mercer Hall. This is Mr. Gleason's first year teaching at Bryan; he formally taught at Rhea County High School, down the road from Bryan. [2] Papers cover the floor in Courtney Jergins' office as she works on grading assignments submitted by her English students. A love of English runs in the family: Jergins herself studied English as a Bryan student, and younger brother Josh, a senior, followed suit.

Bryan joyously affirmed 100 graduates at commencement in December this year. These difference-makers attained diverse degrees in Arts, Humanities, Business, and Sciences at the Masters, Bachelors, and Associates levels. The ceremony honored their achievements with an address from local Dayton Pastor Robert Armstrong, as well as musical performances from David Benedict and Randy Bright, both graduates affirmed at the commencement.

[1] David Benedict, who majored and excelled in the Music Program at Bryan, receives a congratulatory handshake from President Stephen Livesay. Benedict performed on his mandolin for the event. [2] Joy and confidence are written on the face of graduate Katie Betts as she walks the stage in Rudd Auditorium. While at Bryan, Betts studied English. [3] Jared Franklin, among the many generations of Franklins to walk across the stage of Rudd Auditorium, smiles as he collects his undergraduate diploma at the December commencement ceremony.

[1] The Townhouse Staff share smiles, songs, and laughs at the Residence Life Staff Christmas Party. Mat Looney sits in front in a chair, joined on either side by Jenna Rajala and Tim Shetter. [2] It's not always points and rules for the Huston Dorm Resident Life staff. Here, Jerelyn Gentry, Jamee Cooper, Huston Dorm Resident Director Janette Delozier, Jessalyn Pierce, and Andrea Blair are hams in their Christmas attire and big smiles.

spotlight

JANETTE DELOZIER

Building relationships and getting caught up in conversation are only two of the many diverse aspects of being a resident director at Bryan.

Janette Delozier knows from first-hand experience just how rewarding but also challenging taking on the role of an RD can be. She recalled times when she and the other RDs and resident assistants would be laughing and goofing off when meeting together, especially as the school year drew to a close. But there are harder conversations to have as well.

"I care for the students and want to figure out what's best, and sometimes that's just difficult," said Delozier.

After graduating from Bryan in 2011, she became the RD of Huston for the 2013-2014 year. She was involved in various leadership positions as a student, and the opportunity to engage with students in times of both happiness and crisis are part of what drew her to the position.

"You're one of the first people students can go to if they are going through something difficult in their lives and they need someone to talk through it with them," she said.

Being an RD is not without its challenges and joys. Delozier said that the job is not only more challenging but more rewarding than what one expects.

"I knew it would be a responsibility I would enjoy that would also stretch me," she said.

february

FEBRUARY BROUGHT BOTH LAUGHER AND TEARS, AS SNOW fell from the skies and the Bryan community felt unsure of how to handle news that rocked our small campus. Nevertheless, one thing was certain: this month, with its stunning opera and a myriad of classes skipped in favor of sledding adventures, was one that emphasized the support and love that those on the Hill have for one another. Whether students were helping each other battle difficult exams or people were listening intently as their friends showed off their smarts and research skills, supportive arms encircled the campus, bringing kind words and lifted spirits.

The woods bordering the soccer fields made for a rare scene in East Tennessee: a snowy white ground and a day free from school.

midnight cruise makes for a memorable night

MEN'S VOLLEYBALL RETURNS AFTER A DECADE

After a 10-year hiatus, Men's Club Volleyball has returned with the hope of becoming an official NAIA sport. The reason for this is that men's volleyball is now an emerging sport in the NAIA. According to men's volleyball coach, Alison Williams, this means that "it does not have the required 40 teams for the sport to become official with a National Championship sponsored by the NAIA." Coach Williams also stated that the long term goal for Bryan College is to move the team to an official sport, which will be done once the NAIA deems it as one.

While this was the team's first season, they have played and progressed very well. The team played and beat teams such as the University of Kentucky, Auburn, Georgia Tech, the University of Alabama, Milligan College, and

Florida State University. Co-captain Jonathan Creasy explains his volleyball background started with taking Coach Williams' EHS

"The team played and beat teams such as the University of Kentucky and Auburn."

course,

"I had never played structured volleyball before, but I was in love immediately.

I came out any time the net was set up, and Alison even took time aside from class to help me learn the ins and outs of certain types of serves, hits, etc. With her help, I improved leaps and bounds."

Creasy also explained that Coach Williams began holding open gyms with the idea of starting a men's volleyball team and looking for recruits. With this season behind them, it is clear that the new team competed very well in their first season.

Coach Williams states that "the guys did a great job of jumping in with a brand new team and coach and working hard for all the wins that we got. I'm proud of the progress that we made and look forward to even more success in the future."

The Pirates of Penzance operetta was the culmination of Mrs. Kimberly Keck's opera workshop. Feeser's character, Maybelle, takes a first rate opportunity to get married. [2] Crystal LaPlue, Michelle Barger and Jubilee Lofgren listen to their sister suggest that they allow Maybelle to spend time alone with her suitor. [3] Quick

change artis, the pirates were double cast as police men. Justin Morhardt, Jason Gonzalez, Everett Sell, Jay Carpenter, Matt Redding, Derrick Dunaway, James Presley and Warren Teft all stand at attention as they are urged to "Go to death and go to glory." [4] Pirate King Jay Carpenter sings of the glories of being a pirate to accidentally endentured pirate Garrett Hill while Justin Morhardt and Everett Sell look on. [5] Lauren Keck, Emily Cairns, Jubilee Lofgren, Sammi Knell, Madison Keck, Megan Darr, Rachel Garnett,

Michelle Barger, and Katherine Bell remind each other that someday they will wishing to spend time with a beau and so they should "talk about the weather." [6] Assistant Professor of Business Ryan Ladner and senior Business major Grant Zawadski. This year was Ladner's first and last year as a full-time professor. He is moving to Florida during the summer to teach at another college. [7] Daniel Cadiz spends some time with Assistant Professor of Business Brad Gatlin. Students frequently visit offices of professors whether it be for homework help or just to talk!

[1] Senior Psychology major Sarah Hooker was one of many on campus who spearheaded the faculty appreciation day. A table was outside the cafeteria all day so that students could write on posters to be given to each department. [2] Valerie Ayala brings cookies to be given to professors. Students commandeered every dorm kitchen the night before BCFAD to make sure that there would be plenty of sweets to go around! [3] Senior Emily Moon manned the note writing station in Latimer, where students could write notes of appreciation to any professor. [4] Ashley Coker expresses her appreciation for John Carpenter, Assistant Professor of Journalism. Many professors expressed that the way that students uplifted them was a great encouragement during a very hard time. [5] Junior Business major Nancy Barker signs a poster for her professors. [6] Junior Robin Harrison organized baked goods and thank-you notes for professors. Harrison was also one of the many students who stepped up to plan and implement the day.

4

Bryan College Faculty Appreciation Day

#BCFAD

As students, the main reason most of us are here is because of our professors: because of their devotion to us; because we are more than just their students; because they are more than just our professors; because they personally challenge each and every one of us, seeing the potential we hold, the weight we carry, not only in the classroom but also in the real world; because they are our mentors, our friends, and even more so, our family.

On February twenty-first, students from all majors and departments crowded together in Mercer 317, overflowing the largest classroom on campus to plan a day to celebrate the professors and thank them for the investment in us that they have made.

The day was in direct response to a difficult semester on Bryan's campus, one where a potential change in the statement of belief - one that some felt was brought upon very quickly and without warning - left some of the school's most beloved professors with the decision to sign a new contract and go against their beliefs or find themselves without a job as the year winded down. The faculty spent countless hours in meetings and panels, discussing the possible changes for Bryan and the repercussions, and continually felt the weight that voicing their opinions brought. Students, recognizing the sadness among the faculty and equally upset that those they loved and looked up to were suffering, it was decided that what everyone needed, no matter which side of the ongoing discussion they fell on, needed a little love.

Thus, #BCFAD was born.

february
more support

In early February, Bryan College was submerged in a deep snowfall. Classes were canceled as students took to the snow-softened hills of Dayton with cafeteria trays and improvised trash-bag galoshes. Notes of devotion printed in the fresh snow outside of the women's dormitories were trampled under heavy rubber boots as scarved and bundled shapes tottered and stumbled after each other beneath the sharp and glittering branches of dogwood and elm. But by the morning, only a few silver crusts of snow still clung to the hillsides and the black branches of trees, and homework was due, and everyone walked about beneath backpacks under the disheveled February clouds.

By Will Jones

[1] Jessalyn Pierce tries her luck at snow boarding down the grassy bowl. [2] Dean Franklin and Charlie Boehms find the fluffy snow banks to be a perfect wrestling mat. [3] Junior Daniel Katz uses a snowboard as a sled. In past years, students have taken cafeteria trays, garbage can lids, and even cardboard boxes with the hopes of making the fastest sled around. [4] Camille Heartfield, Rachael Beck, Evie McNeese, Erin Loggins, Coty Robinson, and Meredith Kreigh enjoy a walk through the flurries - after bundling up, of course!

spotlight

Emily Cairns

Practical Christian Involvement, or PCI as it is better known, offers Bryan students many opportunities to serve others in the community through a variety of different ministries.

Bryan encourages students to join one of these current initiatives – or create one of their own.

Freshman Emily Cairns is doing just that.

Cairns is restarting STRIDE: Serving to Reach Individual Disabilities Effectively, a PCI program that seeks to serve people with a disability or with special needs.

She first heard of PCI from her sister Meghanne who was part of the STRIDE program several years ago.

“I am restarting this PCI initiative because I know how much of an impact this ministry has had on the therapeutic riding center that we help,” said Cairns.

She said it has been a long process of developing the program, but one that has been worth all of the time and hard work.

“I pray that it will never be about how many people join the initiative, how much money we can raise, or how much praise we accumulate. PCI, as well as all the other ministries at Bryan, has one task: to spread the light of Christ into someone else's life,” said Cairns.

by Bria McKamey

[1] One of the most popular PCI events was a chocolate tasting, where students could sample products such as this. Everything offered that evening was slave-free and fair trade, meaning that no part of the chocolate was produced by way of slave labor. [2] Alex Damaska and Curtis Lieser perform at a SSTOP meeting. SSTOP, standing for Students Stopping the Trafficking of Persons, meets bi-weekly and is devoted to ending the many forms of human trafficking that take place around the world.

march

IT WAS ONLY AT THE END OF MARCH THAT BRYAN felt anything remotely similar to spring weather, but the lingering cold front never detracted students from jumping into spring with full force, traveling hundreds - sometimes thousands - of miles to sing, play, and serve. Regardless of where these students went, they all returned - somewhat reluctantly - from spring break and weekend trips with stories to tell and news to share. March was not only a month of branching out, but a month of returning to roots and telling all about the spring fever that ever so slowly crept up the Hill.

Members of SGA's Events Council painted dozens of golden lanterns to glam up the Great Gatsby banquet.

march
more community

chorale spring tour

While most of the Bryan College students were soaking up some sun at the beach, or spending time with family relaxing over spring break, the Bryan College Chorale spent their spring break touring the south, sharing their music with many churches throughout several states. Always an uplifting, encouraging experience, several members of the group shared their experience during the tour:

Brittany Feeser, secretary of Chorale:

"Ministry, fun, and family! These three words sum up perfectly the 2014 Spring Chorale Tour experience. From Tennessee to our ultimate destination in New Orleans, Louisiana, the 43 of us sang in seven churches and two schools with the goal of encouraging local bodies of believers! To me, the ability to minister through song while forming lasting friendships makes this the best way to spend Spring Break!"

Drew Byers, president of Chorale

"The Bryan College Spring Chorale has had a special place in my heart during my time at Bryan. It is a unique opportunity to get to know people through singing and traveling together to all kinds of great places. This trip was by far the best in my four years. There was a great sense of unity among the chorale, which made the job easy for me as a leader. The most rewarding part of chorale for me is not always singing, staying in host homes, or traveling, but rather growing close with friends who have had a lasting impact on my time here at Bryan, and will continue to influence my life long after my time at Bryan is over. While I may not always remember the songs we sang on this tour, I will always remember the memories that were made."

Katie Yance, Junior

"Spring Break on a bus with almost fifty people takes a lot of sacrifice, but I wouldn't want to spend my break any other way! The moment we stepped onto the bus we were a family. We had quality time on the bus, ate too much amazing food in New Orleans, and came back to the bus with extremely memorable host home stories. But what I will cherish the most is that we laughed, cried, and sang of the love of Christ together."

[1] Women's chorus almost didn't happen this year because of a lack of interest first semester, when only 8 women wanted to participate. However, second semester, the group came together with 13 members. Junior Michelle Barger said, "We're taking women's chorus in a new direction this year. [2] Junior Katie Yance spent her fall semester in Italy and returned in the spring ready to perform. [3] Senior Drew Byers was also a member of the chapel worship team. [4] Allison Baker was Vice President of both Chorale and Student Government Association.

[5] Drs. David and Sigrid Luther were honored at the "Voices Uplifted" concert in the spring. Dr. Sigrid Luther was given a painting of Rudd Auditorium and Dr. David Luther was given a letter from one of his favorite composers. Their time at Bryan is ending this year with the retirement of Dr. Sigrid Luther at the end of the spring semester and Dr. David Luther after the fall.

[1] Junior John Cain is a frequent pitcher for the varsity team. [2] Sophomore Garrison Price was able to play catcher several times throughout the season. [3] Crandon Wallace, junior, was a major contributor to the score in the Lions' first conference road game. He had three hits and scored three runs, and helped to

bring home the win for the team. [4] Justin Morhardt, sophomore, was awarded Player of the Week in the AAC in March, following a weekend series in which he hit a home run in each of the three games that were played. [5] With his 28th career home run, senior Tyler Latham broke the record for most home runs in early April. [6] L. J. Rowden, senior, was

awarded AAC Pitcher of the Week during the first week of baseball awards in March and again in the fourth week. Later in the year, the men went on to win the AAC Championship, defeating the #1 seed, Tennessee Wesleyan, securing a spot in the Nationals, which will take place over the summer.

Why I love being a
CM
major

As a Christian Ministry major there is one thing that has always stood out to me: how awesome my classes are. Every semester I look forward to taking a CM class because of the funny things that are said in them.

After the first few weeks of classes as a freshman, I remember looking forward to my Intro to Christian Ministry class with Dr. Scott Jones. One day during class Dr. Jones asked us a question and no one knew the answer, he then proceeded to say, "None of you are good Baptists. You didn't mention the most important thing." To which I replied "What? How to prepare for a potluck?" This was what class consisted of every Monday, Wednesday, and Friday; of course we were serious when we needed to be, but there was always laughter.

This year I've gotten to take Spiritual Formation for Ministry with Dr. Sandy Zensen. When I saw he was teaching the class I had no clue what to expect because he was the former Men's Soccer Coach and Athletic Director. But it has been the best class ever. Not only does he share his wisdom with us, he is transparent and honest. On the first day of class when introducing himself he told us he had applied to be the fourth member of the Trinity. The class started laughing and I knew that the class was going to be what my CM classes have been: awesome!

break for change

A HEART FOR HAITI

After nearly six months of preparation, I embarked on a missions trip to Jacmel, Haiti over spring break! At first I was filled with uncertainty, but soon my initial fears were replaced by an incredible experience that I will treasure my entire life! As our team drove through Port-au-Prince, the nation's capital, it was heartbreaking to see the poverty and living conditions of so many people. Some of the extremely unfortunate had built temporary homes out of garbage and were living with pigs!

While many things were disturbing, it was an incredible blessing to see the work that the Hands and Feet project had been doing in the lives of many orphaned children. These children's homes had been built by previous missionary work, and each home had a surrogate mother to look after and care for the needs of each child.

During my short time in Haiti, I worked on building a new home for many more children as this ministry expands. Some primary jobs I did were making bunk beds for the children to

sleep in, and constructing a cement wall to protect the new home from outside danger. It was amazing to see this project come together, and deeply satisfying to know that many more

"Some of the best moments in life happen when we step outside our comfort zone."

orphans will sleep in the safety of a good home.

Reflecting on my time there, it was remarkable to see God at work in the lives of not only the children in Haiti, but also in the relationships that we

built as a team. Without the constant distractions of electronic devices and college life, we were able to connect on a much deeper level than I could have ever imagined. My time in Haiti was both humbling and deeply moving. Seeing the vastly different culture gave me a fresh perspective of how God works differently through all his people.

Looking back at my experience in Haiti, I've realized that even though many aspects of this missions trip were challenging, it turned out to be one of the most spiritually enriching times of my life. In the same way that Haiti challenged me, it also stole a piece of my heart. Some of the best moments in life happen when we step outside our comfort zone, and when I remember the few short years I spent at Bryan, the BFC trip to Haiti will shine brightly.

the facts...

Photos by: Jessalyn Pierce, Julia Spiekermann, & Hannah Eckert

... and the field

[1] At the second annual Bryan College Undergraduate Research Conference, Ryan Wolfe and Ashton Alexander kicked off the conference as the first presentation, collaborating on their project. The two presented as a team, examining the metanarrative in Morrison's "The Bluest Eye." [2] While most would agree that math is somewhat of a foreign language, Scott Riekoff, a senior math education major, took this to the next level. His research was on how to teach math as though it actually is a foreign language. [3] Senior Alexandra Rogers delved into the intricacies of cochlear implants during her presentation. Fittingly, Rogers plans

to attend medical school and become an audiologist. [4] Zach Myers and Hayden Wesley were part of an intramural soccer team in the spring. Intramural teams got very creative with their names; #ThingsThatAreLandersFault, #BCsMostWanted, Evolution, and Stone Temple Kickers. [5] Jonah Newport, Jimmy Hostetter, and Wesley Sanders competed in one of the playoff games for intramural soccer. Other intramural sports this year have included volleyball, basketball and kickball. [6] Freshman Tom Durbin participated in the intramural kickball tournament.

spotlight

BRYAN BOLING

It is hard to say "no" to a job that is competitive but also fun. For Bryan Boling, it is a perfect match. Boling, Bryan's intramural director, said that intramural sports were one of the best moments for him and his friends while they attended Bryan. Scheduling events, notifying students of time tables, and creating guidelines for new activities are just some of the things involved in overseeing intramural events. But it isn't all work and no play.

"There's also the championship T-shirt. I do love free swag," said Boling.

Joking aside, Boling said he hopes to incorporate new intramural events at Bryan in the future. Bryan's student body has understandably changed since he was a student, and the various programs for students should reflect this change, he said.

"Bryan intramurals allow students to not only form teams with their close friends, but compete head to head with any number of their close friends which, for me, seems to enhance the experience," said Boling.

april & may

FOR SOME, IT FEELS LIKE THE END OF AN ERA. ONE THEY wish could last just a bit longer; for others, april and may mean the home stretch is here, the end in sight, and sighs of relief are heard. We'll admit that it's hard to focus in the final weeks of any given spring semester, but Bryan College still proved itself to be committed to whatever was left, from clinching a baseball championship to meticulously planning a night for juniors and seniors to get away from campus. The sun was shining during April and May, and the students underneath it celebrating right until the very end. It was a year with it's fair share of ups and downs, most of which came as sudden surprises, but, as they do every year, the members of the Bryan community survived, full of ambition until the very last exam.

The yearbook staff shares a laugh at one of their weekly meetings.

[1] Fully dressed to fit the Greek theme, Hercules (Nick Johnston) and the beautiful maiden (Dorie Fleming) explore the venue. [2] Looking as though she could have stepped right out of *She's the Man*, Stephanie Gagnon and her date Nathan Harris embrace Greek life as frat brothers of Sigma Tau Delta, beer bottles, spray tans, and all. [3] Katie Smith and Ben Rosenbaum make their way to the top of "Mount Olympus." After the formal banquet, students changed into casual clothing for activities such as rock climbing. [4] The venue of Junior/Senior was at the Tennessee River Place near Chattanooga, a waterfront estate.

living the greek life

A NIGHT ON MOUNT OLYMPUS

This year, the gates to Mount Olympus were opened to mortals for one evening only, and the Student Government Association (SGA) made that happen.

This year's Junior/Senior banquet's theme was a Night on Mount Olympus.

This was my first time attending Junior/Senior banquet, and it was a fun opportunity to join my fellow upperclassmen at Bryan College's annual Junior/Senior banquet.

The event started on Saturday afternoon when we loaded up charter buses and traveled to our destination, the picturesque Tennessee River Place. For someone who had never heard much about Junior/Senior, I did not know what to expect; however, once we arrived, I was met with the sight of a beautiful, white party tent, and the smell of Greek food.

After dinner, everyone seemed to split up and enjoy the events

that SGA had set up. The first of these events was corn hole, followed by board games, cookie decorating, and the event my

"...the Junior/Senior Banquet, to me, was a chance to spend time together and relax before the end of the year."

date and I joined, which was a showing of Disney's Hercules. While everyone

spent most of the night in their own groups, at the end of the night everyone flocked to the back patio for dancing, specifically the cha-cha slide, which could arguably be called the middle school version of the hokey-pokey.

Looking back, the Junior/Senior banquet, to me, was a chance for all of the upperclassmen, with the exception of a few rather mature freshmen and sophomores, to spend time together and relax before the end of the year, and my experience was exactly that.

*worldview
initiative*

[1] The Worldview Initiative team is a group of students from many different majors, who share the common passion for communicating truth to high school students. Kaziah Newport, Matt Stombaugh, Becca Bodine, Bryan Alderman explore their creative side as they prepare video a film to introduce the group. [2] Ariel Bollant, one of the Worldview Initiative interns, leads a small group of high schoolers in a discussion as part of the program. Susie Herder said, "I love that worldview is a group of students with a common passion for asking hard questions and not being afraid to seek Truth. We have a blast while we are doing it and we get to hang out with awesome high-schoolers and challenge them to think about why they believe what they believe and it's exciting to see them "get it." It's discipleship, so its great." [3]. Molly Underwood mingles with attendees of the Evening at Bryan benefit dinner, in which the Worldview Initiative team was highlighted. [4] Jason Glen is in

charge of the team, trains them and makes sure that everything runs smoothly throughout the year. Annie Prescott shares, "Worldview is a group of instant friends. Everyone on worldview has the same passion for God and to know Him, so it's really easy to connect with the people who are on the team. The hardest part is kind of the best part because you are challenged in your thinking about things and you have to really stretch yourself as we all push each other to know the Lord better." [5] After four years of hard work, Krista Elsten receives her degree. [6] Chloe Pool receives her part of the ribbon during the Vespers ceremony as Dr. Stephen Livesay cuts each piece in the strand. During the graduation ceremony, Pool was the recipient of the Faithfulness and Loyalty Award, given to a senior who shows most love, care, loyalty and concern for Bryan College. [7] Luke Fox was chosen by his peers to speak. Fox encouraged his classmates to put off masks, and be real and transparent in relationships with others.

[4] Yearbook workdays always include food, which makes it a little easier for Bria McKamey and Kristin Hall to get out of bed to work on a Saturday morning! [5] Writing captions and choosing the best pictures always takes lots of concentration, which Juliet Spiekermann and Heather Newberry can attest to. Heather Newberry shares her excitement at being the upcoming editor-in-chief of the Commoner: "Yearbooks keep the memories of the past even when our own memories fail us, but they don't just happen. Being a part of creating a book that will be looked upon for years to come is such a blessing, and I can't wait to keep creating and framing memories."

spotlight

A.J. CAUDILL

Green mashed potatoes, purple gravy, and a gigantic chicken fried steak don't sound like your normal college cafeteria fair.

As it turns out, A.J. Caudill, Bryan's food services director, specializes in the unique when it comes to his job.

"I try to make a funny moment every day that I work. We have a fun staff that likes to laugh and play jokes on one another. I like to consistently hide things that people need to do their job, especially putting items in the freezer for them to find!" said Caudill, who has been in the food industry for 19 years, 6 of which have been spent at Bryan.

He started his business Pioneer College Caterers, Inc. back in 2000 at Asbury College, but stated that his beginnings in the food industry were humble. He began working in a family restaurant where he started out washing dishes.

"One day the kitchen was shorthanded and the owner had me help in the kitchen. I never went back to the dish room," he said.

Caudill said that he can't get to know everyone, but that to those he does meet at Bryan he wants to be an approachable and fun person to talk to.

[1] Senior Corrie Walker spent her fall semester as Managing Editor of the Triangle, while Meredith Kreigh was Editor-in-Chief, and then in the spring they switched roles. [2] Abigail Taylor, Editor-in-Chief of the Commoner meticulously places photos on the pages. Countless hours are put into making sure the photos are correct. [3] John Carpenter, faculty advisor for both the Triangle and Commoner has the Triangle students over for a meal. David Blanchard, Kat Frazier and Dan Branley all enjoy a little home cooked food!

[1] Sophomore Brittany Feeser performs an opera piece at the Spring Showcase in May. Feeser played the lead in the Bryan's opera, *Pirates of Penzance*. [2] Katie Warren, senior, performed at the Spring Showcase. [3] Sammi Knell performed a solo in *Deliver Us*. Knell received the freshman award of Social Butterfly during the Chorale Spring Tour for being someone who was intentional about getting to know many members of the group. [4] Although they are not theatre majors, seniors Sarah Vest and Nathan Price scored roles in the Hilltop Players spring production of *Kind Lady*. Price's character's affinity for alcoholic drinks and his tendency to get tipsy gave some comic relief in an otherwise sobering production. [5] The main antagonist of *Kind Lady* was Justin Milton, whose character cunningly and cruelly took over Hannah Shipe's life. Senior Hannah Shipe played the "kind lady" who couldn't say no to the manipulative and cunning Jones.

people

BRYAN COLLEGE MAY BE SMALL IN SIZE, BUT THAT HAS never limited the diversity on campus. The people are unique, forming a tight-knit and loving campus where students can move seamlessly from one group of friends to the other, always welcome; here is where age and background are left behind as students and professors from across the globe come together to interact and grow.

Dean Franklin, Joe Zimmerman, and Charlie Boehms attempt to strike a serious pose before the Sadie Hawkins banquet.

athletics

THIS YEAR, FIVE OF BRYAN'S VARSITY TEAMS ENTERED THE national championships in their respective sports; each athletic season was full of incredible wins, awards, broken records, and, most importantly, athletes across campus kneeling to give God the glory after their victories. The athletes of Bryan do not just bond with their teammates, however; they are a multi-talented portion of our population, involved in dozens of extra-curriculars and part of many majors. They not only entertain us, but connect with us on and off the fields and courts.

Head baseball coach Taylor Hasty keeps track of his team during a home game.

"She is clothed in strength and dignity, and she laughs

without fear of the future."

- Proverbs 31:25

Our Sweet Daughter,
We are all so very proud of you. Words can not begin to express the depth of our feelings of love, pride and happiness at the beautiful young woman you have grown into.
We admire your independence and your desire to live life on your own terms. We recognize the years of hard work and dedication it has taken you to get where you are today.
Our best wish for you is that you continue to have a life warmed by the love of friends and family.
Thank you for being a great daughter. We could never have asked for more. Go out into the world with all of our love, Mommy and Criag and Padre and Ashberry

Scott,

I have loved you your whole life—That will NEVER change.

Congratulations, Graduate.
The future is as bright as the promises of God.

Ashley Sisk Jordan

We are very proud of you!
You have endured and overcome so many obstacles to graduate a year early!

Congratulations, Guys! I'm behind you all the way!

Jay Carpenter
Class of '15

Will Jones
Class of '14

Nathan Johnson
Class of '14

Congratulations,
Princess!
We love you,
Mom and Dad

Katie Smith

Congratulations, Katie!

"We have not stopped praying for you and asking God to fill you with the knowledge of His will through all spiritual wisdom and understanding. And we pray this in order that you may please Him in every way: bearing fruit in every good work, growing in the knowledge of God."

— Colossians 1:9-10

We love you!
Mom and Dad

Hannah Shipe

Matthew 19:14

"But Jesus said, 'Suffer the little children, and forbid them not to come unto me; for of such is the Kingdom of Heaven.'"

Follow the teaching of God's words, and you will never fall. May the good Lord bless and keep you!

We are proud of our brown-eyed girl.

Love,
Dad and Mom

May God bless you all and keep
you and cause his face to shine
upon you and give you peace.
